(2) Shore radionavigation stations.

(c) Fixed stations in the Fixed Service associated with the maritime services are licensed as follows:

(1) Operational fixed stations.

(2) Alaska-public fixed stations.

(3) Alaska-private fixed stations.

### § 80.21 Supplemental information required.

Applications must contain supplementary information as indicated in this section. Other supplemental information may be required by other rule sections of this part concerning particular maritime services.

(a) Each application for a new public coast station operating on frequencies in the band 156-162 MHz must include as supplementary information a chart, with supporting data, showing the service area contour computed in accordance with subpart P of this part.

(b) Each application for a new public coast station operating on frequencies in the band 156-162 MHz to be located within the coordination boundaries of "Arrangement "A" of the Canada/U.S.A. Frequency Coordination Agreement above 30 MHz", must comply with the provisions of the "Canada/U.S.A. Channeling Agreement for VHF Maritime, Public Correspondence" as contained in § 80.57.

(c) A new station on a vessel not located in the United States must not be documented or otherwise registered by any foreign authority. The foreign authorities where the vessel is located will not or cannot license the vessel radio equipment and can not object to the licensing of the equipment by the United States. An applicant must provide verification of these facts upon request by the Commission.
